

Minutes for Extra-Curricular Comm
October 24, 2022

The meeting was called to order by Mekelle Neathery, Superintendent, at 3:30 PM with the following people present: Joanie Bell, Stephanie Hobrock, Dustin Fritsche, Sam Nicholas, and Jake Stewart.

Committee members and members of the administrative team discussed current policies as well as a tentative discussion of programs that are in place as well as review of possible recommendations for the future. One recommendation from the meeting was to adjust language within our handbook as it is conflicting at this time. The proposed language for consideration of approval by the board is to further articulate the suspension of students due to an in/out of school suspension. Currently the language states that students are suspended on the days that they are suspended. There are times where a consequence is assigned (1 day) but it is served in ½ day increments. Therefore, as the handbook states, students were receiving a 2 day suspension from participation for a 1 day assigned consequence. We recognize this was not the intent and would like to have better language to ensure that the assigned suspension matches the consequence. The committee did feel that this should be recommended for formal approval for the Board of Education and placed on the agenda for the next board meeting.

It was also discussed about the possibility of expanding offerings for our students to include junior high golf as well as high school cross country. The committee determined that before they would want to proceed, further information would be needed, including cost and number of students that would potentially be involved.

The meeting adjourned at 4:15 PM
