

## CASS COUNTY HEALTH CLINIC

*Our Family. Caring for Yours.*

June 5, 2023

To Whom It May Concern,

The Cass County Health Clinic is excited to announce our provider will be on site at the Virginia School offering school/sports physicals for the students during registration on August 3<sup>rd</sup> from 8:00 am -1:00 pm and from 4:00 pm – 6:30 pm.

If your student is in need of a school or sports physical and you would like to have one completed in the school during registration please contact the Cass County Health Clinic to schedule an appointment. We are happy to mail a packet to you once the appointment is scheduled or you can utilize our online patient registration. You will need to bring your completed packet to school registration at your scheduled appointment time. We will be offering immunizations during the physical to those who have scheduled their appointment ahead of time. If you do not schedule ahead of time we will not have routine vaccines on hand to give. When calling for your appointment please let staff know if your child will need immunizations.

If you would prefer to visit the provider in the office or if you are in need of a Primary Care Provider, Cass County Health Clinic is accepting new patients in our Virginia and Beardstown offices. Please call to schedule your appointment today.
