## Important Information for the 2023 – 2024 School Year

Your student will be entering Kindergarten! Please note documentation of the following exams are required by the State of Illinois. We are hopeful that during summer break you will have an opportunity to get these exams completed, if needed. Physical Exams and Immunization requirements are due at the start of the school year, and must be submitted no later than October 15 of the school year.

\* **Physical Exam** – Exams must be completed within one year prior to the first day of entrance to the required grade. The exam must be completed on the required “Certificate of Child Health” form. Parent signature and completion of the Health History section is required on this form. Exams must be turned in no later than October 15th of the school year. We have included the state required form for your convenience.

\* **Immunizations** – The student’s medical provider will inform you of the immunizations required and fill out the “Certificate of Child Health” form. This will need to be signed and dated by the provider, and submitted no later than October 15.

\* **Vision Exam** – Must be performed by a licensed optometrist within one year prior to the first day of entrance to the required grade. The provider must complete and sign the Illinois Eye Examination Report form, which we have provided for your convenience. These forms need to be submitted by October 15 of the school year.

\* **Dental Exam** – Must be performed by a licensed dentist. The provider must sign the Proof of School Dental Examination form, which we have included for your convenience. Dental exams must be submitted by May 15 of the current school year and must be completed no more than 18 months prior to the May 15 deadline.

If you have any questions or concerns, please call me at (217) 452-3085, or e-mail me at [eyayres@virginia64.com](mailto:eyayres@virginia64.com).

We look forward to seeing your Kindergartener in August! Thank you for your help in meeting the State requirements!
